

Sell easy-to-build, crafty, and VERY educational Fiddlersgreen cardmodels.

Fiddlersgreen offers a very unique (but reasonable) 'Print and Sell' annual license where YOU can print FG models and sell them for whatever you wish. Print as many as you can sell. No reordering, shipping & inventory hassles. Print them as you need them.

Here are the details...

You start by buying the PDFs of the models you would like to sell. There are over 700 from which to choose and they're all quite reasonable. This is a one time purchase.

THEN, for the next 60 years, your Fiddlersgreen models will be safely stored in your MyModels folder (FREE on our server) to be updated and accumulate new versions (FREE). It is important you print from this source so you'll always offer the latest and greatest.

A Fiddlersgreen.net listing and link to to you or your organization.

Fiddlersgreen.net gets an impressive amount daily traffic and a link to your site from the FG webpage of that particular model would be a pretty good thing..In fact, lets share links.

Print any size of FG models:

Every model has been designed to fill an 8 1/2 X 11 sheet so you get a model as large as possible. You're welcome, however, to enlarge and sell any FG model to any size

Sell your kits for ANY price..

You know your customers and can best judge what to charge for your kits..(You might try a couple bucks per sheet). Made up display models is what sells the printed kits !!!! Sell printed models wholesale to local hobby shops, at craft fairs, fly-ins etc. No problem.

Print and Sell License Fee (annual):

For individuals its just \$100. For Museums and businesses please email for quote. You need to first buy the models so you can access (always!) the latest version from your free MyModels folder.(One time purchase)

+++++

Please, things you're NOT permitted to do:

Sell downloadable Fiddlersgreen digital models over the Internet including eBay, Amazon etc.

Remove or alter FiddlersGreen copyright information:

THIS is really important..

Copyright information needs to remain intact to protect our intellectual property..

Alter existing or create new designs without Fiddlersgreen's explicit permission:
If you need something altered please let us do that (\$20/hour charge) .. You're welcome to create and sell your own versions of our FG designs upon approval.

To get started. If you haven't already, open an account (see home page) then simply send a quick email explaining what you plan to do with our Fiddlersgreen models,,and we'll take it from there..

Thanks for your interest
